WPA1200

PORTABLE DATA TERMINAL

Big Business Tools. Small Business Attitude.

The Wasp WPA1200 series are industry leading mobile devices that are ready to meet the demands of today's most demanding mobile applications. These small, lightweight, yet powerful devices pack a powerful punch with an Intel 520 MHz processor, IP64-rating, and a Windows CE5.0 (WPA1200) or Windows Mobile 5.0 (WPA1200wm) operating system. With 64MB SDRAM and 128 MB flash ROM, the WPA1200 easily handles large databases and exceeds the performance requirements of daily, high volume usage.

The WPA1200 is the perfect portable data terminal for anyone needing to track assets in government or education, healthcare or business applications or track inventory in retail, warehouse or distribution centers. Combined with its integrated laser scan engine, this rugged mobile device can withstand conditions in any environment. It scans all popular 1D (linear) barcodes, comes with an 18-key alpha numeric keypad, and a large color transflective touch screen. Data collection is simple, fast, visually compelling, and accurate.
